

March 9, 2022

Susan M. Carioti
Vice President, Certification, Standards and Guidelines
ASIS International

cc: Peter O'Neil – CEO ASIS International

Dear Ms. Carioti and Esteemed Members of ASIS International,

As a result of the recent ANSI decision, we would like to extend an invitation to ASIS International, and its members of the Executive Protection Community, to join the BEPP and participate in the development of the ANSI proposed "Standard for Providing Executive Protection."

In its more than six decades of existence, ASIS International has made great strides in developing content aimed at improving the security industry. The Board of Executive Protection Professionals was founded with a very focused purpose, to enhance the Executive Protection industry. We recognize that collaboration can increase our ability to achieve far more from the industry.

The first meeting of the Technical Committee is scheduled for March 26, 2022. Please let us know if you are interested in collaborating by March 24, 2022. This will afford us the time necessary to add members to groups and communication channels.

On behalf of the BEPP, I thank you for considering this proposal, and I look forward to the possibility of working with you and your team.

Respectfully,

James Cameron, CPP
Chairman
Board of Executive Protection Professionals
Cell: 714-510-0671
